## Scott Summers for U.S. Senate [SummersForSenate.us](http://SummersForSenate.us)

Scott Summers is an attorney/MBA from Harvard, IL. Formerly a trustee at McHenry County College, he now serves as the public guardian and public administrator of McHenry County. He is the author of two "how-to" books published by the American Bar Association. His priorities include:

- Economic and social policy: We need a Green New Deal -- federal programs that will put people back to work; \$15 minimum wage; promote community economics; single payer health care; equal educational opportunities via tax reform.
- Monetary reform: a financial transactions tax; changes to the Federal Reserve system; quantitative easing for citizens (e.g., write downs of student loans); cap credit card interest rates.
- Peace: reduce military spending; develop international military "go teams" for protection of civilians in conflict areas and as first responders to natural disasters.
- Ecology: slow global warming; accelerate work on green infrastructure.

## Tim Curtin for Illinois Comptroller

[curtin4comptroller.wordpress.com](http://curtin4comptroller.wordpress.com)

Tim Curtin, of Hillside, was a union organizer for over 30 years with the United Electrical Workers. As Comptroller, he would make sure that the State pays its employees, retirees, and creditors, balance our books, and look at where state monies should be placed to get the greatest return for the taxpayer.

He strongly supports levying a small tax on speculative trading at the Chicago Board Options Exchange and Chicago Mercantile Exchange (HB 106), to solve the budget crisis and ensure adequate revenue for our schools, universities and public services. He also favors creating a state bank to keep Illinois monies circulating in our State (HB 107).

The policies you want. The candidates you can trust.
